

Kneader for laboratory #EG-NSV-1

Kneader for laboratory

The blending machine with high torque,
it is suitable for the mixture, the stir, and the degassing of
the high viscosity materials

Power supply	AC100V 50/60Hz 5A
Motor output	200W
RPM	0~63rpm
Torque	250kg・cm
Capacity	1.2L (W120 x D100 x H100)
Material	SUS304
Safety function	Electricity leaks, Torque limitation

[Stiring parts]
